Subject: Microsoft Settlement

To whom it may concern,

Although I am painfully aware of the difficulty in arriving at the current Microsoft Settlement, I am not pleased with it.

I believe that instead of halting Microsoft's unfair business practices, this settlement will force them to discover other methods.

Rather than this little "slap on the wrist," there needs to be something more serious and lasting, not something that can be side-stepped with relative ease.

Sincerely,

Conan Heiselt
